CANADA.

No. 581.

SIR,—

I have the honour to transmit to Your Royal Highness, for the information of your Ministers, a copy of a notice published in the press on the 15th June, containing information for the guidance of persons desiring to record:—

(a.) Debts (including bank balances) due to British subjects from persons residing in enemy countries:

(b.) Other property in enemy countries (including securities) belonging to British subjects.

2. The Foreign Claims Office referred to in the last paragraph of the notice has been set up at the Foreign Office for the purpose of dealing with all claims for the settlement of which no satisfactory machinery has existed hitherto, and which are foreign in the sense that they are claims by British subjects against a foreign Government or by foreign nationals against His Majesty's Government.

I have, etc.,

A. BONAR LAW.

The Governor-General,

His Royal Highness

The Duke of Connaught and of Strathearn, K.G.,
etc., etc.

BRITISH PROPERTY IN ENEMY COUNTRIES.

HOW TO RECORD CLAIMS.

WE are officially informed that it has been arranged that the Public Trustee shall keep a record of:—

(a.) Debts (including bank balances) due to British subjects from persons residing in enemy countries:

(b.) Other property in enemy countries (including securities) belonging to British subjects.

Any person desiring to record such claims or property can obtain the necessary form for that purpose (Form G in the first case and Form H in the second) from the Public Trustee. Applications should be made to the Public Trustee (Trading with the Enemy Department), No. 2 Clement's Inn, Strand, W.C.

It must be clearly understood that the action of the Public Trustee will be confined to entering upon the record claims of which particulars are supplied to him, and that in no way commits His Majesty's Government either to responsibility for the correctness of the claim entered or to taking any action on the conclusion of hostilities or otherwise for the recovery of the debts or property in question.

The Public Trustee will record claims against enemy Governments in respect of public securities of those Governments held by the claimants, but other claims against enemy Governments (e.g., in respect of goods or property requisitioned or sequestered) as distinct from claims against enemy subjects should be notified to the Director of the Foreign Claims Office, Foreign Office, S.W.

DOMINION ORDERS IN COUNCIL.

[1292]
AT THE GOVERNMENT HOUSE AT OTTAWA.

Thursday, the 6th day of June, 1918.
PRESENT:

HIS EXCELLENCY THE GOVERNOR-GENERAL IN COUNCIL.

WHEREAS regulations heretofore established for the administration and management of Dominion lands within the Railway Belt of British Columbia in pursuance of the authority conferred by chapter 59, "Revised Statutes of Canada, 1906," and chapter 10, 1-2 George V., do not include any special provisions for the disposal and administration of lands required for the development of water-powers and other water privileges; and

Whereas administration of the waters within the said belt has recently, by chapter 47, Statutes of Canada, 2 George V., as amended by chapter 45, 3-4 George V., been transferred to the authorities of the Province of British Columbia to be administered under the "Water Acts" of British Columbia as if the said Acts were enacted by the Parliament of Canada, and will continue to be so administered during the pleasure of the Governor in Council; and

Whereas it appears desirable that Dominion lands in the said belt required for the development of water-powers and other water privileges should be disposed of and administered under special regulations which shall harmonize with the said Provincial water administration:

Therefore, His Excellency the Governor-General in Council, on the recommendation of the Minister of the Interior and in virtue of the authority conferred by the said chapter 59, "Revised Statutes of Canada, 1906," and the said chapter 10, 1-2 George V., is pleased to order and it is hereby ordered that the attached regulations—namely, the Water-Lands Regulations—shall be and the same are hereby made effective for disposing of and administering such Dominion lands within the said belt (excluding only lands within areas that are or may be set apart and designated as Dominion parks) as are required in the development of water-powers and other water privileges.

Lands withdrawn from Entry.

2. Notwithstanding any other provision of the said regulations, Dominion lands required for the protection of any water-supply, or upon or within or under which there are any waters from which power may be produced, or which, bordering upon

or being close to a water-power, will be required for the development and working of such water-power, or Dominion lands required for the development of water privileges other than power undertakings, including lands required for the storage or pondage of water for augmenting or regulating the flow of streams, shall not be open to entry for homestead, purchased homestead, or pre-emption, or be sold or conveyed in fee, or disposed of in any way by the Crown except by lease under the provisions of these regulations:

Provided always that the timber on any such lands, if within any Dominion forest reserves, shall, notwithstanding the provisions of this section, continue to be administered under the regulations governing the administration of the said reserves.

Minister to set out said Lands.

The Minister may cause such surveys to be made and may take such other steps as may be necessary from time to time to enable him to ascertain and set out the lands required as aforesaid, and his decision respecting the location and extent of the said lands shall be final.

Application may be filed.

4. (1.) Any person who desires to acquire a right to use or occupy any Dominion lands for the diversion, storage, or carriage of any water, or for the construction, maintenance, or operation of any works for such diversion, storage, or carriage of water, including lands to be flooded, shall file or cause to be filed with the Minister an application in writing for that purpose.

Contents of Application.

(2.) Such application shall set out:—

Location.

(a.) The location, by section, township, and range, or by lot number, of each parcel of Dominion lands proposed to be occupied and of each right of way over the same required:

Area.

(b.) The length and breadth or other dimensions of each parcel or right-of-way and the estimated area in acres:

Sketch-plan.

(c.) A sketch-plan showing the location of all the said parcels and rights-of-way.

Water Data.

(3.) Such application shall be accompanied by complete information relating to the Provincial water application, water claim, or water right in respect of which it is made, namely:—

If made in connection with a pending water application or water claim, then a copy of such water application or water claim, and a copy of every petition or other formal paper filed with respect thereto with the Provincial authorities; also a copy of every authorization, order, or other decision issued or made from time to time with respect thereto by the said Provincial authorities:

(b.) If made in connection with a water licence already issued by the Provincial authorities, then a copy of such water licence (the filing by the Comptroller of Water Rights of the Province of such licence will satisfy this clause):

(c.) Any other evidence or information which the Minister may require respecting such water application, water claim, or water right.

Minister may withdraw Particular Lands.

5. Pending the consideration of any such application for the use and occupation of Dominion lands, the Minister may from time to time reserve the lands applied for from any disposition not consistent with the rights desired under such application.

6. (1.) The applicant, before commencing the construction of any works upon Dominion lands, shall cause to be filed with the Minister a plan prepared from an actual survey by a qualified Dominion land surveyor, and signed and certified correct by him, showing the location and extent of the lands so required, and shall obtain the Minister's approval thereof. Before any such survey is proceeded with, instructions therefor must first be obtained from the Surveyor-General.

(2.) The said plan shall contain the following information:—

Boundaries.

(a.) The boundaries giving chainages and bearings, and the area in acres within each quarter-section of the lands so required, including rights-of-way.

1. The Department of the Interior, in order to facilitate the preparation of plans by applicants, will endeavour to have a qualified member of the British Columbia Hydrometric Survey available for making the necessary surveys at reasonable cost to the applicants.

Lands to be flooded.

(b.) Where lands are to be flooded, the contour to which the water will be raised and the area of the lands to be flooded in each quarter-section:

(c.) Where any interest less than a fee in Dominion lands has been previously disposed of by the Crown, a statement setting out the said lands and the name of the person authorized to hold, occupy, or use the same.

Lands required.

(a.) Whether the lands shown on the said plan are in the opinion of such surveyor or engineer required for the proposed diversion, use, storage, or carriage of water or for the construction, maintenance, or operation of the proposed works, and, if not, what lands are so required:

Occupier's Interests.

(b.) Where any interest less than the fee in Dominion lands has been disposed of, a statement of the manner in which the proposed works will affect the said interest and the area of the lands so affected in each case:

Damage likely.

(c.) A statement that such surveyor or engineer knows the lands reported on, and his estimate of the amount of damage which will be likely to arise with respect to each separate parcel of such lands from the occupation and use thereof for the purpose proposed.

Minister may grant Interim Permit.

8. (1.) Upon the filing of the application, plan, and report set out in the last three preceding sections, and subject always to these and any further regulations on the subject, the Minister may, if he deems such action advisable, grant to the applicant an interim permit authorizing entry upon or the use or occupation of any Dominion lands subject to such conditions as may in his opinion be required by such applicant for the purpose of making surveys and constructing works, but such interim permit shall in every case be subject to the provisions of these regulations respecting leases so far as applicable.

Term and Nature of Interim Permit.

(2.) The term of the interim permit shall be as nearly as possible concurrent with that of the conditional water licence granted to the applicant under the British Columbia "Water Acts," it being the intent of these regulations that the applicant shall secure his water rights from the Provincial authorities before the corresponding land rights shall be granted, and it being the general purpose of the said permit to supply such applicant with such rights in Dominion lands as, in the opinion of the Minister, may be required by him in the exercise of the rights conferred by the said conditional water licence.

Surveys may be delayed in certain Cases.

9. (1.) If the Minister is of the opinion that a strict compliance with sections 6 and 7 would seriously interfere with the immediate and necessary construction of works or with the exercise of water rights acquired or in process of being acquired by the applicant, he may, by a writing under his hand, grant the applicant such temporary rights of entry upon or of the occupation or use of any Dominion

lands as are in his opinion required by the applicant pending the time when the plans and report called for in the said sections 6 and 7 shall have been completed. The applicant shall, however, in such case pursue the preparation and completion of the said plans and reports with due diligence, and upon the filing and approval of the same, and upon compliance otherwise by the applicant with the terms laid down by the Minister, the interim permit mentioned in the last preceding section may be issued.

(2.) The location of any works so constructed by the applicant prior to the filing and approval of the said plans and reports shall be subject to the approval of the Minister, and the permittee shall and will make any changes with respect thereto which the Minister may require after the said plans and reports are filed. The temporary rights granted by the Minister under this section shall in every case be subject to the provisions of these regulations respecting leases in so far as applicable, and shall further be subject to cancellation at the discretion of the Minister.

Dispensation from Surveys by D.L.S. in certain Cases.

10. Notwithstanding any other provision of these regulations, if the Minister considers that any application is not of sufficient importance to warrant the surveys and report by a Dominion land surveyor called for in sections 6 and 7, he may, by letters or other writing, authorize such applicant to dispense with the requirements of either or both of the said sections, but may in such case call for such plans and information as he may deem necessary, and upon satisfactory compliance by the applicant with all such requirements, the Minister may grant the interim permit mentioned in the last preceding section, but in every case where works are constructed without plans being submitted and approved showing exact locations, such works shall be subject to approval as to location by the Minister, and the applicant shall and will make any changes therein which the Minister may subsequently require.

Lease, when may be issued.

11. Upon the receipt by the Minister of a notice from the Comptroller of Water Rights or other proper Provincial authority that the said applicant has completed his works and is in all respects, other than the acquirement of the necessary interests in Dominion lands, entitled to a final water licence under the Provincial "Water Acts," together with a copy of such licence or a statement of the proposed terms thereof, and upon it being shown to the satisfaction of the Minister that the applicant has observed and fulfilled all the terms and conditions required by the Minister or by these regulations to be by such applicant observed and fulfilled, the Minister may, subject always to these regulations, issue in favour of the applicant a lease, a licence of occupation, or other form of grant conferring such rights in Dominion lands as are, in the opinion of the Minister, necessary for the proper maintenance and operation of the said works, and subject to such special terms and conditions, not inconsistent with these regulations, as the Minister may impose.

Lease concurrent with Water Licence.

12. The lease shall be for the same term of years as such final water licence and shall run concurrently therewith; provided always that in no case shall any lease authorize entry upon or use or occupation of any Dominion lands for a period exceeding fifty years from the date thereof.

Lease or Permit to depend on Water Licence.

13. The easements, rights, and privileges acquired under any interim permit or lease shall be subject always to compliance by the permittee or lessee with all the terms and conditions of the water licence in connection with which such interim permit or lease is issued, and if, under the provisions of the "Water Acts" of British Columbia or the regulations made pursuant thereto, or by other lawful means, such water licence is terminated or cancelled or becomes null and void, then such interim permit or lease shall, *ipso facto*, become void

and of no effect, and all the rights granted thereunder shall cease and determine.

Lease voided when Lands no longer needed.

14. (1.) Every lease shall be valid or effective to authorize the entry upon or the use or occupation of any Dominion lands only in such manner and to such extent as may be necessary for the purpose of constructing, maintaining, and operating the works authorized to be constructed, maintained, and operated under the water licence in respect of which such lease is granted and no further.

Procedure when Lease voided for Non-use or Abandonment.

(2.) If, because of a change in the location of the said works, or because of their non-use or abandonment, or for any other reason, continued or further entry upon, use of, or occupation of such lands in whole or in part for the said purpose becomes, in the opinion of the Minister, unnecessary, he shall give the lessee written notice of the contemplated withdrawal of such lands from the operation of the lease and his reasons therefor. The lessee may within sixty days after the giving of such notice file a written objection to such withdrawal of lands. The Minister may, after the consideration of such objection, or after the expiry of the time allowed for objection, if no objection is filed, make an order withdrawing such lands from the operation of the lease.

Termination of Works when Lease voided.

15. If any lease issued under these regulations is voided, terminated, or cancelled in whole or in part by any lawful process, the lessee shall not be privileged to remove any works, buildings, or other improvements constructed by him on the said lands unless the Minister's consent in writing is first obtained. The Minister may make any provision which he deems advisable for arriving at the compensation, if any, which is to be paid to the lessee for such of the said works, buildings, or other improvements as are taken over by His Majesty and as are considered serviceable in the future disposition which is to be made of the said lands.

Rentals.

16. The sum to be paid as annual rental shall be fixed by the Minister and specified in the lease, but such rental shall be subject to revision at the same times and, at the discretion of the Minister, in the same manner as if the lease were subject to the Statutes, regulations, and general practice of the Province governing leases of lands valuable in the development of water privileges; providing always that the Minister shall act in the place of any Provincial authority empowered or required to take action under the provisions of the said regulations in respect of such revision of rentals.

Lease not Exclusive.

17. Every such lease shall be subject to the right of His Majesty to grant liberty or privilege to other persons for any purpose to enter upon, use, or occupy the lands so leased or to use any existing works upon such lands in common with the lessee; provided always that, in such case, if it is proposed to move or alter or in any way affect the lessee's works, the rights of the lessee in respect of the said works shall not be, in the opinion of the Minister, prejudicially interfered with, nor shall other works be substituted which, in so far as the lessee is concerned, are less fitted to accomplish the purposes of the said works as set out in the water licence.

Grants not to be capitalized.

18. The lessee, in estimating the value of the lands, works, and properties held by him in connection with his lease, whether for the purpose of fixing the tolls or rates which may be charged for power or for the purpose of appraising the property upon which he is entitled to earn or receive any return, income, price, or compensation, or for any other purpose, shall in no case give any pecuniary value to or claim any pecuniary value for the rights and privileges granted by his lease.

Transfers.

19. Before any assignment or transfer of any lease or of the rights and privileges conferred thereby or of the works or undertaking connected therewith becomes valid or effective, the assignee or transferee must have executed and filed with the Minister an undertaking or agreement to comply with the provisions of these regulations in so far as applicable, and to observe and fulfil all the terms and conditions of such lease as amended by any additional terms and conditions which the Minister may then see fit to impose, and the Minister's approval in writing of such assignment or transfer and of such undertaking or agreement must have been obtained. No such approval shall be given by the Minister unless it is shown to his satisfaction that such assignment or transfer is expedient in the public interest and that no compensation whatever is to be paid for the rights and privileges conferred by such lease.

Care of Dominion Lands.

20. The lessee shall, in the construction, maintenance, and operation of his works, take such steps and do such acts and things as are necessary for the proper care, maintenance, and protection of any Dominion lands affected thereby, and shall comply with any instructions of the Minister or of any person acting for the Minister in that behalf.

Roads, Trails, etc.

21. No roads, trails, telephone-lines, buildings, or other improvements the property of the Crown in the right of the Dominion shall be removed, altered, or in any way affected by any lessee in the construction of his works without the Minister's consent in writing having been first obtained. Such lessee shall in every case replace or reconstruct such improvements and shall build and maintain necessary and suitable crossings for all such roads and trails existing or that may be established intersecting any water-conduits of such lessee to the Minister's satisfaction. The Minister may, if he deems it necessary, require the applicant or lessee to furnish a bond for the satisfactory carrying-out of the provisions of this section. The lease shall be subject to the right of the Minister to construct or authorize the construction of roads, trails, or telephone-lines on or across the leasehold.

Bridges, Culverts.

22. The lessee shall construct and maintain such bridges, culverts, spillways, wasteways, or other works in connection with any works constructed or maintained on Dominion lands as the Minister or any person acting for the Minister in that behalf may direct.

Lessee to indemnify Crown.

23. The lessee shall indemnify the Crown against all actions, claims, or demands arising against it by reason of anything done by the lessee in the exercise or purported exercise of the rights and privileges granted under the lease.

Timber-cutting.

24. The lessee shall pay for any merchantable timber cut or removed from any Dominion lands such sums by way of stumpage and royalty as may be fixed by the regulations governing the administration of forest reserves if within any such reserve, or by the regulations governing the granting of yearly licences and permits to cut timber if on Dominion lands other than forest reserves.

Forest Reserve Provisions.

25. The lessee shall do no unnecessary damage to timber on any Dominion lands. Every lessee whose lease includes any lands situated within any Dominion forest reserve shall carefully comply with all regulations relating to forest reserves, and shall also comply with all instructions of the Director of Forestry in all matters pertaining to the care and preservation of the forest reserves.

Timber and Brush in Forest Reserve.

26. No trees on any forest reserve shall be cut by such lessee without the permission of the Director of Forestry, and when any trees are so cut the debris of such cutting shall be piled and burned or otherwise disposed of as instructed by the forest

officer in charge of the reserve. No burning shall be done except under permit from such forest officer. The lands covered by the lease shall be cleared and kept clear at all times of unnecessary combustible material, and the lessee shall take all possible precautions to prevent the starting or spread of fire from the leasehold and shall give assistance in the fighting of fire as required by the regulations relating to forest reserves.

Lands fraudulently entered upon.

27. If it is shown to the satisfaction of the Minister that any homestead entry, agreement to sell, or other existing interest less than a fee in any or other existing interest less than a fee in any Dominion lands required for the proposed works of any applicant has been secured by any person with a knowledge that the said lands would be required in connection with the development of a water privilege, and with the object of deriving gain from such interest by reason of the future development of such water privilege, the Minister may fix the terms upon which so much of the said lands as may be required for the proposed works may be withdrawn from the said entry, agreement of sale, or other interest less than a fee, and secured by such applicant.

Water Applicants not under B.C. "Water Act."

28. In the event that any person desires to enter upon, use, or occupy Dominion lands in the exercise of rights affecting waters or the use or diversion thereof not acquired or held in virtue of British Columbia "Water Acts," such as rights acquired under the "Line Fences Act," chapter 84, R.S.B.C. 1911, or the "Ditches and Watercourses Act," chapter 66 of the same, or the "Drainage, Dyking, and Irrigation Act," chapter 69 of the same, or by any riparian owner, application may be made to the Minister, and the same must be dealt with as nearly as possible in accordance with the provisions of these regulations.

Reservations in all Grants.

29. Every patent, lease, licence, homestead entry, or other grant hereafter made of any Dominion lands within the Railway Belt shall be subject to a reservation providing for the taking of any areas required for the exercises of the privileges granted by any water licence subject to the payment by the licensee of such compensation as may be provided in like cases by the Provincial Acts and regulations.

Such attestation shall not be transferable and shall be surrendered when formal application for entry is made under these regulations.

RESERVATION OF LANDS.

Reservation of Lands.

8. The Board may request reservation of available Dominion lands for the purposes of the Act.

Lands especially set apart.

9. In the event of any parcel of land reserved under the Act being required for some specific purpose in connection with soldier settlement, or being particularly valuable on account of its location or otherwise, or with respect to which it is ascertained that some person has a right the existence of which was not known at the time the land was reserved for soldier settlement, the Board may withhold such parcel of land from general disposition under soldier entry, whether before or after such parcel has been available for entry, and set apart the same for such disposal as may be deemed proper.

Cancellation of Reservation.

10. If, in the opinion of the Board, any parcel of land which has been reserved under the Act is not suitable for the purpose of soldier settlement, the Board may request the cancellation of such reservation.

Lapse of all Reservations.

11. All reservation of lands under the Act shall lapse three years after the close of the present war.

Timbered Lands not open to Entry.

12. Land containing more than 2,000 feet B.M. to the acre of merchantable timber is not open to entry until a report made by a Timber Inspector has been submitted to the Department, and if entry is obtained for land which, though not reserved at the time, is ascertained to be valuable on account of merchantable timber upon it, the entry may be cancelled; provided that in case an entry is so cancelled no compensation shall be made to the entrant for the value to him of the timber on the land.

LANDS OPEN TO ENTRY.

Surveying and Advertising—Thirty Days' Notice in Case of New Surveys.

13. No land shall be open for entry under the provisions of these regulations until it has been surveyed in accordance with the provisions of "The Dominion Lands Survey Act," and until notice that it is to be open for entry upon a date to be set forth in the notice has been posted for at least thirty days in the Land Office of the District in which the land is situated, and has been published in at least one newspaper in that district and in one newspaper in the Provincial capital, and the printing and publication of the notice shall be made in such a manner as is determined by the Board.

It shall be the duty of the Agent, when requested to do so by the Board, to advertise any newly surveyed land reserved under the Act, and to post notices promptly in his office and in each of the offices of the Sub-Agents in his district.

Ten Days' Notice in all other Cases.

14. In the case of other than newly surveyed lands the Agent shall, when notified by the Board to make any land available for entry under these regulations, advertise such land for ten clear days, unless otherwise directed by the Board, by posting a notice in his office, available for public inspection, giving date and hour of the posting and the date on which the land will become available. Such notice shall be in the form prescribed by the Board, and a copy of same shall be promptly mailed by the Agent to each of the Sub-Agents and to Representatives of the Board in his district, and to the Postmaster nearest the land, to be posted in their respective offices.

Soldier Entry on Reserved Lands.

15. Lands reserved under the Act which in the opinion of the Board are of a class suitable for the general purposes of soldier settlement shall, except as herein provided, or as otherwise determined by the Board, be made available for soldier entry from time to time to any settler who is eligible to make such entry under these regulations.

Homestead Entry on Reserved Lands.

16. Except as herein otherwise provided, any land reserved under the Act which is available for soldier entry shall not be deemed reserved as against any person who, being a settler or a member of any body or force serving with the Forces of Great Britain or of any of her Allies during the present war, is desirous of exercising his homestead right thereon, under the provisions of the British Columbia Dominion Lands Regulations.

Soldier Entry on Lands not reserved.

17. The right of soldier entry may be exercised by any settler qualified as such under the Act on any parcel of land which, although not reserved for the purposes of the Act at the time, is open to homestead entry under the provisions of the British Columbia Dominion Lands Regulations. An application for soldier entry on such land by any person eligible shall *ipso facto* reserve the same for the purposes of the Act.

Information as to Lands.

18. General information concerning lands for soldier settlement may be obtained by any prospective settler on application to the Soldier Settlement Board, Ottawa, or to any Representative of the Board elsewhere.

Precise information as to whether any particular parcel of land is open to soldier entry may be secured on application to the Agent of Dominion Lands for the district within which the land is situated.

APPLICATION FOR ENTRY.

Office of Record.

19. Application for a soldier entry may be made in the form prescribed by the Board by the holder of an attestation under the Act at the office of the Agent of Dominion Lands for the district within which the land is situated, which shall be the office of record for soldier entries for such district.

Application made elsewhere.

20. Application for a soldier entry may be made also before any Agent or Sub-Agent of Dominion Lands or before a Local Representative of the Board or any other person authorized by the Board to receive such application for transmission to the office of record, but any application so made shall have no force or effect until received at the office of record.

Notice may be wired.

Provided that where an application for a soldier entry is so made, the person receiving the same may, at the expense of the applicant, wire notice of receipt of the application to the office of record, whereupon, if the land is available, it shall be held for the applicant until the application papers are received.

No Second Application.

21. Where an application for soldier entry is made at any place other than the office of record, the person receiving the application shall not receive another application for entry on the same land until the first application has been disposed of by the office of record.

Personal Application.

22. Every application for a soldier entry shall, except as hereinafter, be made by the settler in person.

Application by Proxy.

23. Application for entry by proxy is permitted only in the case of a person making entry on behalf of a husband, wife, father, mother, son, daughter, brother, or sister, when duly authorized to do so in the form prescribed, or in the case of a person who, for special reasons, has been given permission by the Board to make entry on behalf of a settler.

The proxy must appear before the Agent of Dominion Lands for the district; Sub-Agents and Local Representatives are not authorized to accept applications for entry by proxy.

The settler on whose behalf such entry is made must, before the expiration of six months from the date of the entry, appear personally before the Agent and satisfy him by declaration that he is already in residence or on his way to commence such residence, and in the latter case that he will be in residence before the end of six months. Should he fail to make appearance, the Agent shall, unless otherwise determined by the Board, cancel the entry without notice at the end of six months from the date of entry.

Time.

24. Application for soldier entry shall be made only during the regular office hours on every day except Sunday and statutory holidays.

Declaration by Applicant.

25. Every applicant for a soldier entry shall make a declaration in the form prescribed by the Board that to the best of his knowledge and belief the land with respect to which his application is made is of the class open for entry and that there is no one in residence thereon, and shall state the improvements on the same, if any, and the value thereof; provided that where such declaration is subsequently found incorrect in any material particular, the entry shall be liable to cancellation.

No Fees.

26. No fees shall be charged in connection with a soldier entry, but the applicant may be required to pay the value of the improvements, if any, on the land, and any charge or indebtedness against the land.

Application for Lands not available.

27. An application for entry on land which is not available for entry at the time the same is made shall not give the applicant any priority of right in the event of the land becoming available.

CERTIFICATE OF ENTRY.

What constitutes Entry.

28. When application is made in the manner hereinbefore described for land open to entry under the provisions of these regulations, the Agent, or officer acting for him, shall accept it and issue to the applicant a certificate of entry, and the acceptance by the Agent, or officer acting for him, of the said application and the issue of the certificate of entry shall constitute a soldier entry under the provisions of these regulations.

Certificate.

29. The certificate of entry shall entitle the recipient to take, occupy, use, and cultivate the land entered for, and to hold possession thereof to the exclusion of any other person, and to bring and maintain actions for trespass committed on the said land; and the land shall not be liable to be taken in execution before the issue of letters patent therefor; provided that occupancy, use, and possession of land so entered for shall be subject to the provisions of the Act, or the regulations thereunder or amendments thereto.

PRIOR RIGHT OF ENTRY.

Squatting—Squatter and Adjoining Settler.

30. Occupation of any Dominion lands by squatting thereon without entry or without the authority of the Department, whether the lands are open for entry, leased, reserved, or held under entry, gives to the squatter no right thereto, and he may be ejected as a trespasser and his improvements forfeited to the Crown. Squatting on lands valuable for timber or which are in a timber berth, whether timbered or not, will give no right either to the land or timber and will result in ejectment proceedings and loss of improvements.

Squatter before Survey.

31. A person desirous of taking up land by squatting before the survey thereof must first notify the Dominion Land Agent and ascertain whether the land would be otherwise available when surveyed.

One Day Priority to Adjoining Settler.

32. On the day on which any land is to be made available for entry after being advertised or posted in the manner hereinbefore described the privilege of entry thereon shall be restricted to a settler eligible to make entry who holds an adjoining quarter-section under homestead or soldier entry, or who obtained homestead patent for such quarter-section and is still the owner thereof, or who, having obtained authority to do so, is a squatter on such quarter-section.

CONFLICTING CLAIMS.

Determining Priority.

33. In the event of there being more than one applicant claiming the prior right of entry under the preceding section, the priority of their claims shall be determined by the priority of the dates of their respective entries, or the commencement of residence in the case of squatters before survey.

Due Consideration of all Claims.

34. To ensure due consideration being given to the rights of all persons claiming priority, the Agent shall receive all applications for entry offering under the preceding section, if requested to do so, but shall issue no certificate of entry for such land until the close of the office hours of the day on which the prior right of entry is considered, or until the morning of the following day.

Application before Sub-Agent.

Provided that if the Agent is advised by wire or otherwise on such day by a Sub-Agent or a Local Representative of the receipt by him of an application for entry from a person claiming a prior right of entry for the land affected, and it is evident from the records that such person, by reason of the priority of date of his entry for or commencement of residence on the adjoining homestead, has a better claim than any of the other applicants appearing in person, the Agent shall hold the land until such application made before the Sub-Agent or Local Representative has been received.

Sickness of Applicant.

Provided further that if on account of sickness or other satisfactory reason shown to the Agent a settler who according to the records has a prior right of entry over all other applicants is unable to appear in person on such day, the Agent may hold the land for such settler for a reasonable length of time, reporting immediately all the circumstances of the case to the Board.

Doubtful Cases.

Provided also that if the Agent is in doubt as to the priority of any applicant, he shall not grant entry on the land affected, but refer the matter to the Board for consideration.

Land available to any Settler.

35. Any land which, after having been posted in the manner hereinbefore described, has not been entered for by an adjoining settler on the first day on which such land became available for entry, or if it has not been reserved for any of the reasons above mentioned, it shall be open for entry on the following day to any settler eligible to make entry under these regulations.

CONDITIONS OF ENTRY.

Area.

36. A soldier entry shall be for not more than a quarter-section of 160 acres, more or less.

Mineral and Water Right.

37. A soldier entry shall convey no right to salt, coal, petroleum, natural gas, gold, silver, copper, iron, or other minerals within or under the land covered by such entry, nor to the bed, shores, or waters of any watercourse, and is subject to rights-of-way for ditches or water-conduits existing or previously applied for.

Improved Lands.

38. Entry for land on which there are improvements may be granted only subject to payment by the entrant of the value of such improvements, as determined by the Board. Should the entrant fail to pay such value, his entry may be cancelled.

Seed-grain and other Charges.

39. Entry for land against which there is a charge in favour of the Crown may be granted only subject to the payment by the entrant of such indebtedness.

Reservation for Roads.

40. Every soldier entry shall be granted subject to the right of the Province to take without compensation at any time prior to the issue of letters patent any land which may be required for road purposes, not exceeding one-twentieth of the total area covered by the entry as provided by the regulations with regard to the establishment of roads in the Forty-mile Railway Belt.

Entry for the Sole Use of Settler.

41. Every entry shall be for the sole use and benefit of the holder of the same and not for the use or benefit of any other person or persons whomsoever.

Declaration as to Duties.

42. The Board may, if deemed necessary, require the holder of a soldier entry to furnish proof, by declaration or otherwise, that he is duly performing his settlement duties in each year subsequent to the date of his entry.

Lands valuable for Timber.

43. Lands containing valuable timber are not open to homestead entry. Lands containing less than 2,000 feet B.M. of merchantable timber to the acre are not classed as timber lands. Lands thought to contain merchantable timber in excess of 2,000 feet to the acre must be inspected by a Timber Inspector and the report submitted to the Department before the land is disposed of. A settler may be required by the Agent to make a statutory declaration as to the quantity of merchantable timber which is on the land applied for, and at the discretion of the Agent he may withhold the land from entry until a special inspection has been made by a Timber Inspector and the case submitted to the Department for decision.

Lands required for Water-supply, etc.

44. If, after an entry is obtained, it is ascertained that the land entered for, or any portion thereof, is necessary for the protection of any water-supply or for the location or construction of any works necessary to the development of any water-power, the Board may, at any time before the issue of letters patent, cancel the entry or withdraw from its application any portion of the land entered for, but where the land is required for the location or construction of works necessary for the development of any water-power, only in so far as the land is necessary for that purpose; provided, however, that no entry shall be cancelled under the provisions of this paragraph until the entrant has been compensated for any improvements made by him upon the land, the amount of such compensation to be fixed by arbitration if the entrant refuses to accept the compensation allowed by the board.

*SETTLEMENT DUTIES.**General Requirements.*

45. Every holder of a soldier entry shall, except as hereinafter otherwise provided, be required before the issue of letters patent:—

(a.) To have held the land for his own exclusive use and benefit for three years:

(b.) To have resided thereon or in the vicinity thereof, as hereinafter provided, for at least six months in each of three years from the date of entry or the date of commencement of residence:

(c.) To have cultivated in each year such area of the land entered for as is satisfactory to the Board:

(d.) To have erected a habitable house:

(e.) To have paid in full the loan, if any, and interest thereon made to him on the land entered for under the provisions of the Soldier Settlement Loan Regulations, and other charges, if any:

(f.) To be a British subject, except as otherwise provided.

Perfecting Entry.

46. Every entrant shall be required to perfect his entry within six months from the date thereof by taking possession in his own person of the land,

and by beginning residence thereon, and if the entry is not so perfected within that period it shall be liable to cancellation:

Provided that on cause shown the Board may extend the time for perfecting an entry for an additional six months.

Residence.

47. "Residence," for the purpose of these regulations, shall be by the settler in person upon the land entered for or in the vicinity thereof, as hereinafter provided. Such residence shall be in a dwelling-house which is the actual home of the settler during such period of residence. Residence by a member of the settler's family or by any other person as proxy on his behalf will not be accepted.

Vicinity.

48. The entrant may perform the required residence duties by living on a farm situated within a distance of nine miles from the land entered for, in a direct line, exclusive of the width of road allowance crossed in the measurement, in the following cases:—

(a.) If he is the sole owner of such farm:

(b.) If such farm is held by him under homestead entry or otherwise under the provisions of the British Columbia Dominion Lands Regulations:

(c.) If such farm is owned solely and occupied by the father, mother, wife, husband, son, daughter, brother, or sister of the entry, or if it is held and occupied by such relative under the provisions of the British Columbia Dominion Lands Regulations.

Concurrent Residence not counted.

49. Provided any period of residence claimed by a settler towards obtaining patent for any land held by him under the British Columbia Dominion Lands Regulations cannot at the same time be counted as residence in connection with his soldier grant.

*CULTIVATION DUTIES.**If Residence on Grant.*

50. Dry Belt: In the Dry Belt of the Kamloops Division, unless the land is difficult to clear and cultivate on account of timber, a settler who resides on his homestead is required to break a total of at least 30 acres of the homestead (of which 20 must be cropped) before applying for patent. A reasonable proportion of the cultivation duties must be done during each year.

If Residence in Vicinity.

Where residence is performed in the vicinity in accordance with the regulations the total required to be broken is at least 50 acres (of which 30 must be cropped).

If Residence on Grant.

51. Timbered Districts: In the Revelstoke District and the timbered portions of the Kamloops District a settler is required to clear and cultivate 8 acres and rough-clear and cultivate 8 acres. For homestead of 80 acres or less, 4 acres thoroughly cleared and cultivated and 4 acres rough-cleared and cultivated are required. In the Coast districts 4 acres thoroughly cleared and cultivated and 4 acres rough-cleared and cultivated are required.

Clearing means the thorough removal of slash and stumps. Rough-clearing means slashing, piling, and burning, and seeding to grass or otherwise cultivating between the stumps.

If Residence in Vicinity.

Where residence is performed in the vicinity in accordance with the regulations the cultivation duties are increased by one-half—namely, instead of 8 acres thorough clearing and 8 acres rough clearing, 12 acres thoroughly cleared and cultivated and 12 acres rough-cleared and cultivated are required; and for homesteads of 80 acres or less, 6 acres thoroughly cleared and cultivated are required.

Thorough Clearing accepted as Rough Clearing.

52. Additional thorough clearing to the extent of one-half of the amount of rough clearing required is accepted in lieu of rough clearing.

Cultivation to be done in Three Years.

53. Cultivation must be done in each of three years, during two of which the breaking must be in crop.

Rough and Wooded Lands.

54. Within the Forty-mile Railway Belt of British Columbia where owing to the character of the land the requirement with respect to cultivation as stated would appear to be excessive, the Minister may reduce the area required to be cultivated, after the land has been inspected by an officer of the Department of the Interior.

*DECEASED ENTRANTS.**Completion of Duties by Legal Representative.*

55. In the event of the death of any person holding entry under these regulations before the completion of these requirements for obtaining patent, the requirements as to residence shall be waived. The requirements other than residence and naturalization shall be completed by the legal representative of such deceased entrant.

Unperfected Entries.

56. If the entrant dies before perfecting the entry in the manner prescribed by these regulations, his entry shall be liable to cancellation. The Board may, however, on satisfactory assurance being furnished that the estate will be administered, and that the requirements of the regulations will be complied with, extend the time for the performance of duties.

Insane Entrants.

57. In the event of an entrant becoming insane or mentally incapable, and by reason of such insanity or mental incapacity unable to complete the requirements for obtaining patent, the requirements as to residence and naturalization are waived. The requirements other than residence may be completed by his guardian, or committee, or any other person who, in the event of his death, would be his legal representative.

*PATENT.**Proof of Completion of Duties.*

58. After the completion of the settlement duties hereinbefore prescribed, the settler may file proof of the completion thereof. Such proof shall be in the form of a sworn statement by the entrant, corroborated by the sworn statement of two disinterested parties resident in the vicinity. The statement of the applicant and his witnesses shall be given before an officer duly authorized by the Board to receive such evidence.

Deceased and Insane Entrants.

59. In the event of the death of an entrant, or in the event of an entrant becoming insane or mentally incapable, the proof of the performance of the conditions of the grant shall be made by such person or persons and in such manner as may be satisfactory to the Board.

Forfeiture of Right on Failure to submit Proof.

60. If the proof of the completion of the conditions of entry has not been furnished as herein prescribed within five years from the date of entry, the right of the entrant in connection with the land entered for shall be liable to forfeiture on the order of the Board.

Patent.

61. If the proof of the fulfilment of the conditions of entry has been submitted as herein prescribed, and such proof is satisfactory to the Board, the Board will, if there is no charge against the land by reason of a loan granted under the Soldier Settlement Loan Regulations, recommend the issue of patent to the entrant, or, in the event of the death of the entrant, in the name of his legal representative, or in the name of the deceased direct, if the law of the Province within which the land is situated makes no provision for the appointment of a personal representative.

No Patent until Loan repaid.

62. If the proof of the performance of the settlement duties has been accepted by the Board, but there is a charge against the land for advances made under the Act, the Board will withhold the issue of patent for such land until such time as the charge has been removed.

Certificate as to Proof.

63. In the cases mentioned in the preceding section the entrant, or, in the event of his death, such person as would be entitled to receive patent, had

all the conditions been completed, may receive a certificate from the Board setting forth that the requisite settlement duties have been completed, and that upon the indebtedness incurred under the Act being discharged, patent shall issue in the name of the person entitled to receive the same under these regulations.

*INTERCHANGE OF ENTRIES.**When Two Settlers may interchange.*

64. For cause shown any two entrants whose entries are in good standing may be granted permission by the Board to interchange their respective entries, provided the Board is satisfied that the security furnished by a settler who has obtained a loan under the Act will not be impaired by such interchange.

*ABANDONMENT OF ENTRY.**Abandonment and Re-entry.*

65. An entrant may, in the discretion of the Board, be granted permission to abandon the land entered for him upon executing a declaration in the form prescribed by the Board and obtain permission to make another entry for any land available for the purpose.

In Case of Loan.

66. Where the entrant, having secured a loan from the Board, has created a charge or lien on the land entered for which has not been discharged, the privilege of abandonment and re-entry may be granted only subject to the transfer of such indebtedness to the land on which re-entry is to be made and only where the Board is satisfied that the security for the loan will not be impaired by the transaction.

Abandonment in Favour of a Relative.

67. Where an entry is in good standing, the entrant may, in the discretion of the Board, be granted permission to abandon the land held under entry in favour of a father, mother, sister, daughter, brother, wife, or husband, if eligible to make a soldier entry under these regulations, subject to such terms and conditions as the Board may prescribe.

*CANCELLATION OF ENTRY.**Reason for Cancellation.*

68. An entry may be cancelled for any of the following reasons:—

(a.) If the entrant fails in any year to perform the prescribed settlement duties:

(b.) If entry has been obtained or granted through error, or misrepresentation, or other fraud:

(c.) If an entrant, being one who has obtained a loan from the Soldier Settlement Board, fails to pay the instalments of principal and interest at the times when they are payable, or fails to comply with any term or condition subject to which the loan is made:

(d.) If he fails to pay for improvements or any charge outstanding against the land in connection with seed-grain, relief, or other liability of any previous entrant or holder of the land:

(e.) If an entrant has assigned, mortgaged, or transferred, or agreed to assign, mortgage, or transfer, the land held by him under entry, unless otherwise provided.

Effect of Cancellation.

69. Where an entry has been cancelled for any reason, all the rights of the entrant with respect to the land held by him shall thereupon cease and determine; but the Board may, at its discretion, refund to the person responsible for the improvements, in whole or in part, the money collected on account of such improvements from any subsequent holder or occupant of the land.

Administration.

70. In respect of such of the foregoing regulations as have reference to the reservation of lands, and the cancellation of such reservations, the classes of lands open to entry, the advertising or posting of lands, the granting of entry, the settlement of conflicting claims to land, the performance of the conditions of entry, the proof of the completion of duties, the issue of patent, the interchange of entries, the abandonment of entries either unconditionally or in favour of a relative, and the can-

cellation of entries, wherever it is provided that action is to be taken by the Board, such action will be carried out through the Department of the Interior.

Effective Date.

71. These regulations shall become effective on a date to be fixed by the Board.
